## MEMBERSHIP INFORMATION

The Constitution of the Kailua Hawaiian Civic Club defines three categories of paid membership:

- Regular: “Any person age 18 or older who is of Hawaiian ancestry, who is of good standing in the community, and who agrees to uphold the purposes and objectives of the Club.”
- Associate: “Any person age 18 years or older who is not of Hawaiian ancestry, who is of good standing in the community, who agrees to uphold the purposes and objectives of the Club, and who is sponsored by a Regular member.”
- Youth: “Any person age 17 or younger who is sponsored by a Regular or Associate member committed to the participation of this youth in Club activities in a manner that upholds the purposes and objectives of the Club.”

Privileges for the Regular and Associate member categories are the same (vote, take the floor to speak on any question, hold elected and appointed office, serve on committees, represent the Club as designated by the President) with the single exception that only Regular members can hold the office of Club President.

Privileges for Youth members, though less expansive, include the following: “serving on Club committees and of representing the Club in the community at large, when so designated by the President. Youth members shall also be eligible for scholarships offered by the Club for elementary and secondary education, and for Hawaiian cultural enrichment.”

Our Constitution further stipulates that membership requires the recommendation of the Board of Directors and ratification by the membership of the Club, both by majority vote.

Dues for regular and associate membership are \$25 a year; dues for youth membership are \$10 a year. All dues are “payable upon submittal of the membership application; and annually thereafter by the member before April 1 of the new year.” Dues will not be processed until membership is approved as stipulated above.

Finally, our Constitution imposes a three-month probationary period on new and delinquent members “before membership privileges shall inure.”
